

Castrol Ilocut 103

High performance neat cutting oil

Description

Castrol Ilocut™ 103 is a medium viscosity, chlorine and heavy metal free neat cutting oil.

Application

Ilocut 103 is designed for gear cutting and general machining of cast iron, high alloyed steels and yellow metals.

Advantages

- Advanced additive technology gives high extreme pressure (EP) lubricity properties and lowering production costs through extended tool life
- Improved surface finish and increased cutting speeds leads to improvement of process efficiency
- Multi-metal machining using our superior additive technology provides opportunity for product consolidation
- Our chlorine and heavy metal free formulation improves the environmental profile and reduces disposal costs
