CRB Multi 20W-50 CH-4

For long and healthy engine life

Description

Castrol CRB Multi 20W-50 CH-4 is a multi-purpose, heavy duty diesel engine oil. It is suitable for use in high speed 4-stroke diesel engines that use a broad range of fuel qualities.

Advantages

During its working life, your engine faces challenges from combustion by-products that can form deposits, and thicken the oil. Castrol CRB Multi 20W-50 CH-4 helps combat these issues in two ways:

- It contains cleaning agents which help to displace particles that may otherwise build up on your engine surfaces reducing deposits.
- It also contains anti-oxidants which help to disrupt the chemical reactions that can lead to oil thickening.

Castrol CRB Multi 20W-50 CH-4 helps provide protection across multiple applications to encourage long and healthy engine life.
